

Newsletter 3: ESCAIDE 2021 updates: call for late breaker abstracts is open until 20 September

9 September 2021

ESCAIDE updates

The [European Scientific Conference on Applied Infectious Disease Epidemiology](#) (ESCAIDE) is the leading conference in Europe dealing with public health, applied epidemiology and microbiology of infectious disease.

Call for late breaker abstracts: open until 20 September

The late breaker abstract call is open until 20 September. Abstracts covering recent work that highlight urgent public health problems or contain novel findings are welcomed.

Programme highlights: plenary sessions

ESCAIDE 2021 will open with a keynote session on communication of science and scientific uncertainties, and will continue for the next days with an interesting list of topics such as modelling of epidemics, inequalities in a pandemic and digital health. There's an exciting line-up of plenary speakers and more details will be announced in the coming weeks, so please visit the ESCAIDE website and keep an eye on ESCAIDE social media accounts for more information.
