

ESCAIDE 2023 updates

Newsletter November 2023

ESCAIDE is this week: free online registrations still open

The conference is just around the corner, and it's still possible to join us online. Registrations to attend online remain open and free-of-charge. All registered participants will be able to view the sessions live, or revisit the content after the conference is over. This means that even if you aren't available to join the sessions live, make sure you are registered so that you can still access the content in your own time. Don't miss out on this opportunity to hear from experts in their field, and engage with colleagues from across Europe and the world. Also, feel free to spread the word and share the registration link with your network. Remember, online participation is ongoing and remains complimentary.

Get ready for the conference: check your email and download the event app

In the lead-up to the conference, registered participants will have received an email from the conference platform, Swapcard. This includes your link to the platform, the QR code venue ticket for in-person attendees and general information about the event. Please save noreply@swapcard.com as a safe sender, to prevent these emails going to spam.

Whether you are attending the conference in-person or online, make sure you also download the ESCAIDE 2023 app so you can view the programme, interact with participants, follow the live sessions and ask your questions in the chat, all from your mobile device. Download the app on the [App Store](#) or get it on [Google Play](#).

ESCAIDE 2023 accredited with European CME credits

We're pleased to announce that ESCAIDE 2023 has been accredited by the European Accreditation Council for Continuing Medical Education (EACCME®) with 21.0 European CME credits (ECMEC®s). To request the certificate and claim CME credits, ESCAIDE medical professionals will need to attend the sessions during the conference days (online or in-person) and answer the end-of-conference feedback survey. The survey will be sent to participants by email and will be available on the Swapcard platform.
