# ESCAIDE

European Scientific Conference on  
Applied Infectious Disease Epidemiology

22-24 November 2023

in Barcelona & online

## ESCAIDE 2023 updates

Newsletter December 2023

### Thank you for taking part in ESCAIDE 2023!

We have a huge appreciation for everyone who contributed to ESCAIDE 2023, whether that was as a session speaker, abstract presenter, moderator, Scientific Committee member, side event or info stand organiser, or as a member of the audience. We'd also like to thank the Rapporteurs and colleagues in the ECDC Communications section, who worked hard to deliver session summaries and daily highlights. We think this was the biggest and most exciting ESCAIDE yet, and this is no doubt thanks to your enthusiasm and engagement. Thank you!

### Read the Highlights Report – a look back at the conference

You can look back at the content of the conference in the Highlights Report, published on the ESCAIDE website. This includes summaries of the sessions, and photos and quotes of the key moments.

### Coming soon: Evaluation Report and feedback survey results

We received over 1000 responses to the feedback survey – thank you to everyone who took the time to share their opinions with us. We're thrilled to hear that 93% of respondents are 'extremely' or 'very much' satisfied with the conference. We also collected data on the countries represented at ESCAIDE: participants from all 27 EU Member States were present, along with Iceland, Norway, and 98 countries outside the EU/EEA. Our data on attendance indicates that this year saw 795 in-person attendees and 2192 attendees joining exclusively online. Daily numbers fluctuated, with about 600-800 people at the venue and 1100-1600 online each day. The full results of the survey and the evaluation will be shared in the Evaluation Report, which will soon be published on our website.

### Catch up on ESCAIDE 2023 content

Did you miss out on any of the content this year? The good news is registered participants can revisit the recordings of the sessions and all other conference content through the web and mobile app. The content will remain available until March 2024. You can also browse our website to see all the information about ESCAIDE 2023, including the programme, abstract book, speaker bios, summaries, photos and reports.

### Happy holidays and see you all in 2024!

And with that, ESCAIDE 2023 comes to an end. We'd like to take this opportunity to wish you a happy holiday season and healthy new year. We hope to see many of you next year at ESCAIDE 2024, in Stockholm and online, 20-22 November. Stay up to date by following us on social media and through our website and newsletter – keep an eye out for announcements about when registrations open and the abstract submissions begin.
